

# *Beyond the Harbour*

I am lifting anchor  
I am setting sail  
Holy Spirit, steer me  
Like a mighty gale

I am moving deeper into open waters  
And Your hand will steady me, though waves will come  
Your love will be my constant, my horizon  
Never to change or move  
O God

Jesus You are with me  
Though the ocean roars  
He Who walked on water will lead me  
To step off the shore

I am moving deeper into open waters  
And Your hand will steady me, though waves will come  
Your love will be my constant, my horizon  
Never to change or move  
O God

Beyond the harbour  
I'll find Your shelter  
You will not leave me  
Amidst the storm

Beyond the harbour  
You'll take me deeper  
You will not falter  
Amidst the storm

I am moving deeper into open waters  
And Your hand will steady me, though waves will come  
Your love will be my constant, my horizon  
Never to change or move  
O God  
I want to go with You  
O God
